PC Pro Magazine **"Recommended"** "Oki's latest MFP colour laser is small, fast and packed with features. For an A3-sized printer it's great value"

Business info Magazine **"Editors choice"**

Our refurbished machines vary between 6000 & 100000 images they are all in excellent condition, they have been cleaned tested and refurbished to perform "as new". If you opt for the maintenance package we will include network installation within the price.

These machines have a monthly duty cycle of up to 150,000 images per month.

We will guarantee that we can keep them working for 6 years from today or 2,500,000 images.

The other big benefit with buying a DOS "refurbished" machine is that we guarantee at least 60% toner life on installation, (brand new machines come with starter cartridges that only have 20% life).

A4 price. A3 output.
More print, scan, copy and fax for your money

The ES8460 MFP signifies the start of a new era in colour Multifunctional products. Delivering A3 print, copy, scan and fax in a compact footprint not normally available in a product in this segment, the ES8460 MFP will consume all your A4 and A3 output requirements but will not use up your budgets or floor space. Available in desktop or floor standing configurations and with a choice of paper handling options, the ES8460 MFP will enhance output efficiency for workgroups and small businesses, delivering all the benefits of full colour output together with flexible scanning and traditional fax capability. The flexible configuration and compact size of the ES8640 MFP allows you to increase output efficiency by providing a variety of deployment strategies that will best meet the requirements of your business. And the impeccable credentials don't stop there; ease of use and network integration further enhance the ES8460 MFP.

Key Features and Benefits

Print, Copy, Scan, Fax
4 in 1 functionality at your fingertips
A combination of A4 print speeds (up to 26ppm colour & 34ppm mono), 1200 x 600 dpi resolution and ProQ2400 Multi-level print technology ensures that the ES8460 MFP delivers outstanding results without compromise.
High volume applications are swiftly handled via the standard 50-sheet reverse automatic document feeder.
The ES8460 MFP also offers true professional fully-featured ITU-T G3 standard fax capability. The 14.5 cm LCD touch-screen operator panel simplifies the sending of faxes to assist business efficiency, add to this a full array of scan facilities enabling you to scan to folder, e-mail, FTP, HTTP or USB Memory at the touch of a button.

Security
Smart data protection
Get complete peace of mind with the enhanced security features of the ES8460 MFP. For absolute control and to ensure confidentiality is maintained where appropriate, print jobs can be subjected to 256bit job encryption. Add to this Secure Print, Secure Erase and the ability to restrict unnecessary usage, you can be assured that your data and your investment are protected.

Size
Ultra compact A4 and A3 MFP The ES8460 MFP is an ultra compact multifunction product offering all the flexibility and benefits of A3 printing in a footprint similar to an A4 MFP for workgroups or small businesses. Since office space is usually at a premium, that's a big advantage. The ES8460 MFP sits comfortably on or next to any desk and is so affordable that you can print, scan, copy and fax without breaking your budget.

Ease of use
Stylish design & functionality
The clear, intuitive touch-screen reduces the number of user interactions required to control advanced functionality, making even the most complex tasks fast and easy. Being closer to the desktop, the device improves productivity and installs an increased level of confidence. Functions such as job interrupt allow you to prioritise your workload and gives access to functions such as copy, scan or fax for urgent requirements.

Media Flexibility
Unleash your creative side
The ES8460 MFP takes care of the day-today requirements in a high-performance multi-functional device. The flexibility of formats allows you to print posters, charts or booklets, while the software included in the machine enables you to create everything from business cards and CD labels to banners at a click of the mouse. Standard double-sided printing is included in all models, reducing paper use and saving costs.
